## The Warren

19th January 1995

TO WHOM THIS MAY CONCERN.

Please allow me to provide you with a reference for MIKE FITTON, golf professional based at the Golf Club Buxtehude in Germany.

I have known Mike for some five years, in fact since I visited Germany with David Leadbetter to do a lecture for the German PGA. We both found him to be a enthusiastic delegate with well informed and constructed questions.

Over the proceeding years as an independant golf coach I have specialised in "teaching teachers how to teach" as well as my more visible work with players on the European Tour.

During this time Mike has attended several "workshops" and demonstrated a keen appetite for getting people over the whole spectrum of abilities to improve at our wonderful game.

Well versed with the latest in teaching philosophies I am sure that Mike would be a useful addition at any golf operation that values golf instruction and professional service.

I therefore wish him the best of luck in his application to yourself and hope this letter has assisted you in some way.

Yours sincerely,

Denis Pugh.

PGA Professional Warren Golf Academy.
